

AGING AND AUTISM:

Changes in the Autism Behavioral
Phenotype and Health

**TUESDAY
APRIL 24
12:15-1:15
HELLER G4**

MARSHA MAILICK, PHD'78

Vice Chancellor for Research & Graduate Education, University of Wisconsin-Madison

Dr. Mailick received her PhD in social policy from the Heller School at Brandeis University and became an associate professor at Boston University before joining UW-Madison. The focus of Dr. Mailick's research is on the life course trajectory of individuals with developmental disabilities and the impact on families.

**RSVPs preferred:
lurie@brandeis.edu**
