# FRIDAY JUNE 8 DEAF PARENTS' APPROACHES TO PARENTING

Deaf parents and prospective Deaf parents will learn about approaches to parenting with regard to communication/language, community engagement, and technology. Deaf parents and prospective Deaf parents will also learn about how to work with their child's health care providers, how to raise a healthy and happy child, considerations regarding immunizations and safety, as well as challenges and strategies. Social workers will learn about the needs and experiences of Deaf parents from experts in the field who are parents and members of the Deaf and Hard of Hearing (D/HH) community. This webinar will be presented in ASL. CART services & an ASL to spoken English interpreter will be available.
