Kanchan Sinha, who was an engaged scholar at the SID Program at Heller in 2004-05, will be visiting us on May 9. Dr. Sinha is a Senior Program Manager in Oxfam India and has published widely on gender issues. She also mentored SID graduate Chloe Puett in an internship that focused on a Most Significant Change Approach to program monitoring.

Join us for a conversation about livelihoods, gender, planning, monitoring and other practical issues in development.

For inquiries, contact Prof. Susan Holcombe at shholc@brandeis.edu or Rhoderick K. Samonte at dick@brandeis.edu.
