

DAVID F. SQUIRE ENDOWED SCHOLARSHIP

David F. Squire

The David F. Squire Endowed Scholarship was created in 2014 by David Squire, a Trustee Emeritus at Brandeis. It is awarded to an outstanding graduate student at the Masters or PhD level at the Heller School.

This scholarship reflects Mr. Squire's unwavering commitment to Brandeis University and the Heller School. He continues to be very involved with many colleagues at Brandeis and at Heller. He visits the campus frequently and is a regular attendee at Heller events, including major event series and student capstone presentations. He is a generous supporter and loves to hear from the recipients of his scholarship.

He shares his thoughts on why he created this scholarship for Heller students:

“The world desperately needs the skills, perspective, energy and breadth of knowledge that Heller helps its students to provide.”

Mr. Squire served as Chair of the Heller Board of Advisors (1991-1998), now Emeritus. He was a member of the Brandeis Board of Trustees (1981-1996), now Emeritus. He was also the Vice President of Administration (1969-1980).
