

**JUDITH BURSTEIN COHEN '54 LEGACY
SCHOLARSHIP**

Judith Burstein Cohen '54

The Judith Burstein Cohen '54 Legacy Scholarship was created by Judy's family and friends in honor of her 75th birthday. The scholarship is awarded to a female Heller MA SID student from outside the U.S.

Judy received her BA in History from Brandeis in 1954. Judy was very involved at Brandeis and at Heller until her death in April 2018. She was a member of BOLLI, the Brandeis Osher Life Long Learning Program and attended classes on campus frequently. Judy was highly engaged and often visited Heller to meet and learn more about the recipients of her fellowship fund. Past fellows very often refer to her as "Mom." There were many international students and student engaged with the BOLLI program who knew her well. Her two sons, Mark Cohen '85 and Gary Cohen, and her daughter and son-in-law, Nancy and Steven Lear, enjoy hearing from the Judith Burstein Cohen '54 Legacy Scholars each year.
