

**NANCY AND EDWARD STAVIS ENDOWED
SCHOLARSHIP**

Nancy and Edward Stavis

Nancy and Edward Stavis '52 share the University's commitment to academic excellence and social justice. They established the Nancy and Edward Stavis '52 Endowed Scholarship in 1997 to support a student in the MBA Program with a preferred, but not required, interest in health policy. They have generously supported many initiatives at Heller and scholarships supporting Heller graduate students and Brandeis undergraduates.

Edward received his bachelor's degree in Politics from Brandeis in 1952, the first class at Brandeis University. He is a Fellow of Brandeis and served as President's Councilor from 1976-1979. He previously chaired and co-chaired class reunions and was involved in multiple leadership roles at Brandeis. Edward was president of Stavis Seafoods, Inc., a wholesale seafood company for many years until he retired in 1996. Edward passed away in March 2019 and many friends and family members made gifts to the Nancy and Edward Stavis '52 Endowed Scholarship in his memory. Nancy continues to receive updates about future recipients.
