January 24, 2022

Traci C. Green, PhD, MSc

Dear Dr. Green:

I am pleased to inform you that your paper **Opioid use disorder and the COVID 19 pandemic: A call to sustain regulatory easements and further expand access to treatment** with co-authors Jeffrey Bratberg and Deborah Finnell has earned Substance Abuse journal's 2020 award for Most Downloaded Manuscript.

On behalf of the Associate Editor Editorial Board, Congratulations!

This award is given to the article with the most full-text downloads within the previous two years (October 2018- September 2020, Volume 38.4 - 40.3) according to data from our publisher, Taylor & Francis Group. Your article is was our Most Downloaded Manuscript for 2020. Your paper was downloaded 7,021 times since publication as of December 2021.

We decided to provide this award for you after some delay, as we did not intend to provide awards for 2020 due to COVID. However, the Associate Editor Editorial Board wanted to recognize this paper, and your contribution to the journal, even if it was a bit delayed.

Beginning in 2014, Substance Abuse journal has provided the award for Most Downloaded Manuscript on an annual basis at the AMERSA conference.

You will receive a trophy as recognition of this award. Please reply with your preferred mailing address in order to receive your trophy.

Thank you for your contribution to Substance Abuse journal, and congratulations again on your award.

Sincerely Yours,

Adam Gordon, MD MPH FACP DFASAM CMRO
