## **B. CITIZEN LEADERSHIP ESSAY QUESTIONS**

Please respond to the following essay questions (**maximum 2,000 characters each**). We recommend that you draft your responses in a separate Word or Google document and then copy and paste those answers into this online application.

Please describe yourself as a Citizen Leader. Include how you connect your leadership strengths to what you're passionate about and what kind of skills and knowledge you want to improve. Also include what levers *you* feel you can push to help make change happen.

Think about past and current movements (e.g. civil rights, Black Lives Matter, women's, MeToo, LGBTQ, immigration, climate) and people within those movements who you think are Citizen Leaders. How have those movements and leaders influenced your own thinking and actions around solving pressing social and political issues?

How do you define and/or think about equity and inclusion, and what do they mean for you as a Citizen Leader? How do you, or will you, leverage your citizen leadership towards action around racial justice and antiracism?

Briefly describe a time when you worked on a social issue or problem. What was your vision? What resources (e.g. people, personal) did you bring to bear on the issue? Looking back, what lessons, tools, and/or skills were learned or strengthened as a result of this experience?

Either thinking more about your experience above, or another time, describe a time you were not meeting a goal: How did you realize this, and how did you change course to improve the outcome?

Why are you interested in and committed to being part of a lifelong network focused on leadership development? In what ways can the Segal Program help you accomplish your goals as a Citizen Leader? How do you imagine wanting to stay involved over time, both giving to and receiving from the Network?

(Optional) Are there any other important pieces of information that you would like to share that you feel the Selections Committee should consider when reviewing your application? Please keep any responses brief.

### C. CITIZEN LEADER SUMMER INTERNSHIP PREFERENCES

Segal Citizen Leader summer internship sites are organizations (in any sector including government, non-profit, and for-profit) who are committed to making a positive impact in society through their work. Examples of this include direct service, policy, philanthropy, advocacy and/or public-private partnerships. Segal Fellows can intern in any field including, but not limited to health, youth development, racial justice, immigration, scientific research, business, environment, economic equality, LGBTQIA+ advocacy, technology, the arts, and education. The Segal Program and our host organizations share a commitment to bettering society.

Please indicate the kind of organization(s), topic area(s), and role(s) you would like to pursue for your Citizen Leader Fellowship summer internship.

In which city/cities would you prefer that your Citizen Leader internship be located? (Internships do not have to be in Boston, DC, or New York, although we have larger existing Segal Networks there.)

*Please note that if circumstances continue that make in-person internships unsafe, then virtual internship opportunities will be given.*

## **SPRING SEMESTER COHORT MEETINGS**

The 2022 Brandeis Segal Fellows will meet as a cohort approximately 7 times between January and April 2022 (excluding holidays and vacations) in order to participate in the Segal Citizen Leadership development program and to develop relationships with the other Fellows. (If the cohort is only available for 1-hour long meetings, then meetings will be approximately weekly, instead of every other week, and would be more frequent.) In order to apply to the Program, you must be able to attend these meetings. Fellows studying abroad or virtually can participate virtually but may need to participate in the early morning or late evening, due to time differences. When possible, the meetings take place on a regular biweekly afternoon or lunchtime weekday during the spring semester, based on participants schedules.

Selected Fellows will also be asked to attend a brief welcome celebration and orientation in mid-December or early January for 1.5-2 hours.

If Fellows are studying abroad or virtually in spring or fall 2022, they will need to be willing and able to make space in their schedules to participate in cohort meetings virtually.

I plan to be studying abroad/off-campus/virtually:

- Spring 2022
- Fall 2023
- Both
- Neither
