PRACTICUM / FIELD WORK EXPENSES

All students are responsible for funding their own research projects and sustaining themselves throughout the summer and the following fall. Please keep in mind the following points when making practicum plans:

- Students should plan to for funds to cover all personal expenses (ie. Housing, food, transport etc.) throughout the summer and fall.
- Students are responsible for an enrollment fee to Brandeis for the Summer & Fall semester. This fee varies annually but is in the range of $800-$1000. The exact amount can be obtained from Student Financial Services.
- If students are at Brandeis in the Fall writing their paper they must maintain health insurance coverage (purchased through the university or otherwise) per Massachusetts State Law.
- COEX provides travel funds to and from your practicum site. The ticket purchased must be a round trip ticket. These can be purchased with the COEX Program Coordinator after the practicum approval form is submitted.
  - Maximum $2,000 for international flights
  - Maximum $500 for domestic flights
- There are multiple external opportunities for practicum funding such as the Boren Fellowship or the Program on Negotiation Summer Fellowship. Schedule an appointment with the Heller Career Development Center to review application materials

NOTE: Fellowship/funding application deadlines come early in the year, start early!
